Personal Injury & Clinical Negligence

Nicholas Rowland practises in a wide range of personal injury cases with an emphasis on claimant work.

He receives instructions in the general spectrum of cases (including):

- Injuries sustained in road traffic accidents
- Tripping and slipping claims
- Work related injuries
- Dependency claims

He has also received instructions in less frequently encountered areas (including):

- Employee claim for failing to provide protection against armed robbery
- Vibration white finger
- Historic allegations of sexual abuse
- Claim against the police for assault
- Injury occurring at sea within the maritime jurisdiction
- Injuries caused by purportedly negligent refereeing in a rugby match
- Psychological injury caused by bullying at work
