Personal Injury & Clinical Negligence

Richard Wheeler acts for both Claimants and Defendants in personal injury claims on the fast and multi track. He has notable experience in all the main aspects of liability and medical causation including cross-examination of experts. He has been instructed in related inquests. A recent notable case involved serious myofascial pain syndrome and chronic pain to a child. Accepts instructions under CFA.

Many cases have included:

- employers? liability
- occupiers? liability
- highways
- public transport claims
- trips and slips
- road traffic accidents
- medical causation, acceleration, exacerbation of symptoms
- Smith v Manchester, loss of congenial employment, loss of a chance
- multiple documents and witnesses
- disposal hearings and negotiation
- professional negligence
- trials, applications and appeals before Circuit Judges

- successful defence of limitation applications
- strike out, summary judgment and other applications
